

Creating Barnsheets

By Lauren Merry, Herdbook Administrator

How to Create a Barnsheet in Digital Beef for your animals that are 320 to 410 days of age:

Go to Herd Mgmt: Recording: Barnsheet from your left-hand menu.

Select eligible animals from the list that are within the appropriate age range and do not have ultrasound data already on file.

Click the **Create** button to create a Barnsheet for the selected animal(s).

Click **Download Barnsheet PDF** to open and print the generated Barnsheet form for the selected animal(s).

Wagyu refers to all Japanese beef cattle.
"Wa" means Japanese and "gyu" means cow.
